December 2018

Dear Potential OSMOSIS 2019 speaker,

Thank you for your interest, and valuable time, to submit your presentation for consideration for this years' conference.

In our 5th year, we have a keen insight into the perspective of our audience, their backgrounds and what they are looking to gain from the OSINT conference. Therefore, speaker selection will be based solely on providing the best experience for everyone at the conference.

We are looking for a selection of presentations of all levels, that will inform, educate and inspire our guests with new methodologies and best practices that they can take away with them to use in their perspective industries and positions. Presentations should be translatable so that everyone in the lecture can gain from it, and should not be uniquely career or industry specific.

Sample topic suggestions include:

- Social media platforms
- Link analysis
- Trends in OSINT
- Mapping-Geospacial analysis
- Analytical methods
- Asset searching
- Background checks or due diligence
- Skiptracing-Fugitive recovery
- Photo analysis
- Public records or specialized research methods
- Crypto currency
- Blockchain
- Anonymizing services
- Darknet

Once again, thank you for your time and consideration.

SPEAKER SUBMISSION FORM

Speaker Proposal submissions are welcome until **February 15, 2019** or until adequate presentations have been selected to fill the program.

There are only a handful of speaker slots available; for beginner to advanced training sessions, being offered in morning and afternoon time slots. Classes are 60 min, 90 min or 2-hour sessions.

Amongst other benefits, speakers are to expect reasonable travel expenses and conference registration to be covered. Please fill out the entire form. If you have any questions, please write Paul Atkinson at admin@osmosisinstitute.org.

Title: (Your title should capture who your session is for and the topic that will be covered.)

Abstract: (In 200 words, or less, describe the theme and purpose of this presentation. Your description should build on your title, focus on takeaways, and be as persuasive and concise as possible. This abstract will be used in the final program to attract attendees. Abstracts may be edited for clarity. If selected, the description will be modified and used in the marketing brochure and website.)

Learning Objectives: (list 3 takeaways from your session for the attendee)
